Amy Elliott : A Passion for Charms before purchasing it in order to gage whether or not it would be worth my time, and all praised A Passion for Charms:

There isn't a ton of information nor are there many imaginative photos. The photographs are not good quality. It would also have been nicer to see photos of the bracelets that were being focused on in the text. But, since I'm a Prime member and the sale price was under \$5 I'm OK with it. Otherwise, I wouldn't be very happy I purchased it. Once again, I refer charm bracelet lovers to Tracey Zabar's book.0 of 0 people found the following review helpful. Great for charm bracelet enthusiasts.By Patricia VieraNice little book.1 of 1 people found the following review helpful. Nice little bookBy MaggieA lot of info for a small publication. I would recommend for anyone that is starting to collect charms-thank you!

Whimsical. Mystical. Chic. If any accessory can embody all these qualities at once, it is surely the charm bracelet. A collection of charms, whether they're cunning and cute or glittery and glamorous, never fails to attract attention or to inspire conversation. A Passion for Charms by Amy Elliott celebrates charm jewellery in all its forms. From good-luck amulets to trinkets that commemorate important occasions, charms are not only sentimental keepsakes, but also, once again, the height of fashion. *A Passion for Charms will delight anyone drawn to the romance of family heirlooms, found objects and fairy-sized treasures.
