James P Mesker : A Practical Guide to Collecting Civil War before purchasing it in order to gage whether or not it would be worth my time, and all praised A Practical Guide to Collecting Civil War:

0 of 0 people found the following review helpful. Husband loved it.By Susan ChandlerMy husband is really into metal detecting and is constantly finding little things that he knows are civil war relics. This book provided more information into what he's finding.0 of 0 people found the following review helpful. Five StarsBy James A. Cortengreat book7 of 7 people found the following review helpful. "Practical Guide" Has What You NeedBy Dr. Mary M. SakoffAs someone

who is always looking for the right price and a good value, I was extremely pleased with the purchase of this book. The author provides you with a wealth of detail, including prices, that will be a great resource when making the rounds of shows and antique markets. Most of all, I like the down-to-earth approach of this book. The author uses humor and plain language, which makes it enjoyable to read. Also on the plus side, the book is well-organized and easy to find what you need. To me, that means I'll be able to use it while hunting for Civil War treasures. Any reader will also appreciate the clear and well-chosen photographs. I highly recommend this book for collectors at any level of expertise.

This informative Civil War collector's guide will give you an idea of where to look, how much to pay, and how to keep mistakes to a minimum when collecting Civil War memorabilia. The author educates the reader on recognizing the value of items, emphasizes primary sources, and advises on collecting period representations. Additionally, strong focus is on the less obvious collectible with emphasis on detail and usage. Tales of the hunt are also included! This book features specific experiences in the never-ending pursuit of Civil War artifacts and entertains you with anecdotes of rewards and retributions throughout the chapters. The guide is annotated at every step with sources of information that the reader will learn how to access. And, since it is also illustrated with photographs of the described items, the book gives the reader a strong base of knowledge in the specialized collecting field.

From the PublisherThe best book for getting started in this fun and rewarding hobby.About the AuthorHistory writer and workshop presenter James P. Mesker turns his attention to a little known piece of Western history in this personal memoir. The author of *A Practical Guide to Collecting Civil War*, Mesker is also a historical researcher, archivist, and a volunteer with the Western Reserve Historical Society and Cleveland Landmarks Commission. He attended Miami University in Oxford, Ohio, and resides in Cleveland, Ohio.
