Important Text and Has the Chapter That is the Origin of McCloskey's Classic Head Half Eagle Die NumbersBy MB in CalifImportant text on its topic, and reasonably priced. Get it while it's still in print. Contains McCloskey's chapter on die classification of classic head half eagles.

McCloskey's numbers are widely used by dealers, auction houses, other publications, etc. Although the McCloskey chapter is the main claim to fame; other chapters by various authors are informative too. 0 of 0 people found the following review helpful.
