Laure Verchere : Antiquaires: Flea Markets of Paris (Classics) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Antiquaires: Flea Markets of Paris (Classics):

0 of 0 people found the following review helpful. Poor binding By MySoleil Beautiful photos but the binding is very flimsy.. such a shame because it's very nice book. They need to repackage this to sell better. 0 of 0 people found the following review helpful. Beautiful photos. Poor binding. By Max's Mom Gorgeous photos. Very evocative. Got me psyched to to the market when I'm in Paris this year. Unfortunately the binding seems as though it's going to fall apart quickly. 9 of 10 people found the following review helpful. Wonderful book! By Double R Saw this mentioned on the Nate Berkus show and had it in my living room the next day. Way to go -- I only asked for the 2 day free ship! It is a gorgeous book. I highly recommend it. This is pretty high style stuff compared to what we usually call flea markets and it really makes you want to take a trip to see for yourself.

Paris insiders know the best place to go for inspiration is not the Louvre. And the finest shopping isn't on the Boulevard St. Germain: It's the famous antiques markets of St. Ouen. Which explains why Christian Dior, Coco Chanel, André Breton, and Rudolf Nureyev all browsed at St. Ouen, the largest marketplace of secondhand clothing, housewares, and art objects in the world. Author Laure Verchère and photographer Laziz Hamani capture the treasures of St. Ouen's appealing mélange of furniture, books, decorative objects, and curiosities—and the dedicated sellers who endow them with life.
