Has pretty decent information on popular items but not all. Would be better if it included a marking guide with it. Would recommend.5 of 6 people found the following review helpful. I love the Antique Trader booksBy Stephanie T.I love the Antique Trader books! I use them all the time, I love flipping through

the pages and reading about all the lovely vintage and antique items. This book took forever to receive from the seller on . As soon as it arrived I started looking through it. Beautiful pictures. The items listed in this book are RARE...Things that I probably will never see at an auction or estate sale!!!!!!! The 2016 edition is the smallest of all the books, fewer pages, a lot less items. Each section is smaller and the items shown are the top of the top in price and value. In the past the other editions showed items of all price ranges, not just the high end in each category. I am not normally disappointed in a book purchase. But this is the first!3 of 3 people found the following review helpful. Good.. it was a giftBy Patrina K NicksonGood..it was a gift.
