devoted to diamond jewelry. The photos are so dark that you can't see what is in the picture. There are too many pieces of jewelry that don't have any photos at all. You have to guess what they might be talking about. Keep your money and buy something else. 0 of 0 people found the following review helpful. good reference

This reference provides jewellery collectors with detailed descriptions and reliable pricing for 3500 items dating from 1800 to the present day. The book is divided into three sections: fine antique; modern; and costume jewellery.
