Barbie, Laura Jacobs : Barbie: What a Doll! before purchasing it in order to gauge whether or not it would be worth my time, and all praised Barbie: What a Doll!:

0 of 0 people found the following review helpful. What are we looking at? By nsc This book isn't bad...the pictures are nice and it tries to be entertaining by reading like Barbie telling her "story" but they are some key flaws. There is no actual history of Barbie, none of the photos show more than one view of any of the outfits, Barbie's family and friends are barely mentioned (not one single picture), and most annoyingly none of the pictures tell the title of the doll or the outfit but only describe it...as if you can't see it. It was published in 1994 so don't expect any recent dolls or fashions pictured. The pictures are nice, especially the full page ones. There is a Barbie family tree at the back of the book as well a list of nationalities Barbie has represented are careers she has had. 0 of 0 people found the following review helpful. Another great Barbie Photo book! By Saida J.A hit with my daughter who loves the Barbie Live book! This has an even better historical view of the evolution of the doll and fashions mimicking haute couture! Lots of fun and very

inspiring to my artistic daughter.0 of 0 people found the following review helpful. WORST DELIVERY EVERBy
maryI bought this product december 2nd and it is now christmas eve and this was supposed to be a small gift and now
i cant give it. HIGHLY dissatisfied!!!!

What better way to celebrate Barbie's unending charm and popularity than by extending her fashion photo shoot from this landmark Artabras edition another ten years! Picking up where Barbie left off in 1989, Superstar Barbie: A Fashion Portfolio presents the full range of this trendsetting doll's nineties wardrobe, in addition to highlights from 1959 through 1989. From gowns to suits, from athletic wear to swimsuits and casual wear, this lively book raises the fashion bar another notch. It will serve as the ultimate portfolio for Barbie watchers everywhere.
