John Canaday : Baroque Painters before purchasing it in order to gage whether or not it would be worth my time, and all praised Baroque Painters:

By GB This much sought after paperback was pricey, but it completed a set that I had. The series by John Canaday was written some time ago. 1969 For any serious ART HISTORY student or interested person, this series is a must. I have both the hardcover and the paperbacks. John Canaday has written in a great entertaining style. It is great and well worth searching for the four hardcover and the three paperbacks. The fourth hardcover is a book of illustrations of the art work he references in the three books of the series. **HIGHLY RECOMMENDED.**
