Adrienne Barbanson : Fables in Ivory: Japanese Netsuke and Their Legends. before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fables in Ivory: Japanese Netsuke and Their Legends.:

0 of 0 people found the following review helpful. This is a must have...By CrakrjakIf someone has a love for netsuke then read this book. It is full of short stories, legends and characters from both Ancient China and Japan. The author has provided pictures of netsuke with an explanation or story from Ancient Asia's history. Hope there's more where this came from.3 of 3 people found the following review helpful. `legend behind' the Netsuke. AAA+++By watch loverThis book of fables behind the great ivory works of Japanese art is a very collectible hard to locate in great condition. A There are 116 pages with approximately one great full page picture of a Netsuke and the opposite page the written `legend behind' the Netsuke.Beautiful Binding and material, great dust jacket and very good paper too.an absolute read for the beginner or those that do not yet enjoy the great stories as re-told by the author in 'Fables in Ivory Japanese Netsuke and their legends'. I would say buy it and keep it forever as a collectible to read and read many times over~:~)collect-stuff -Crew
