Carrie and Gerald Domitz, authors of the Encyclopedia of Paden City Glass, have produced a new book, Fenton Glass Made of Other Companies, this time dedicated to glass made by the Fenton Art Glass Company. Fenton made glass for companies such as L. G. Wright, De Vilbiss, A A Sales, Beth Weissman, Edward Paul, Farber Bros., Kreske, Sears, Wrisley, AT T, Kosercheck Bros., Duarte, Marshall Fields, Fred Meyer, Rainbow Art, RedCliff, and many others. This special order business began shortly after the factory opened and still continues today. This book contains information and approximately 1,600 photographs, listings, and values for the complete span of that business. Catalog reprints are also included, which add insight for readers. 2005 values.
