Milbra Long, Emily Seate : Fostoria Useful and Ornamental the Crystal for America before purchasing it in order to gage whether or not it would be worth my time, and all praised Fostoria Useful and Ornamental the Crystal for America:

3 of 3 people found the following review helpful. A Must Have for Glass Collectors and Sellers! By A Customer This well-written, beautifully designed book offers a wealth of information on Fostoria glassware! It is logically organized and has lots of illustrations from Fostoria catalogs, plus many color pictures. It has helped me score some real "finds" from sellers who don't recognize Fostoria! It is such a valuable reference that I am on my second copy, having worn out my first! 9 of 12 people found the following review helpful. Informative, comprehensive, invaluable collector guide. By Midwest Book Review Milbra Long Emily Seate's Fostoria does contain plenty of color, providing an identification and value guide for ornamental fostoria glass of all kinds. From jellies to coasters and lamps, this packs

in all kinds of fostoria glass works.0 of 0 people found the following review helpful. Difficult to useBy M. MetcalfeFor an overview of Fostoria, it's fine, but I found it difficult to use when looking for specific information about a specific pattern.

Any presentation of the Fostoria Glass Company would not be complete without the candlesticks, candy jars and boxes, the multitude of coasters, oil bottles, jugs, marmalades, and vases that were often used with patterns, either as part of the line or as accent pieces. Ease of use by the reader is facilitated through a Master Index which documents all four books in the series. With more than 160 colour photos, this volume is both useful and beautiful.
