5 of 6 people found the following review helpful. Very poor balance of charactersBy Neil LarsenVery poor selection of characters. Some have numerous shots while others are missing completely. For a book with 40 posters there should be a wide variety of the characters instead of a heavy balance towards certain characters. Between volumes 1 and 2 all main characters should have been covered.Here is a list of included characters and how many times they appear so if your favorite isn't listed you can save some money3-tyrion1-bronn1-melisandre1-stannis1-oberyn1-gregor clean1-

Another great collection of posters.....By JMDiablo
Awesome quality, thick paper stock and size of images. Only gripes, some of the photos aren't as sharp and not ONE photo of Catelyn Stark, the White Walkers or the dragons. The dragons White Walkers don't seem to get any love in these books. Would've loved to have the image of Danerys Drogon, chilling out on the cliff, from season four.0 of 0 people found the following review helpful.
