Exceeded all my expectationsBy Anthony WaydeBeen looking for a new coloring book and when it comes to cars this one is easily the best one I've found. The art looks like they actually put a lot of time in effort into each page unlike most others I've found. Paper quality is really good! Thick durable pages. Definitely recommend if you love muscle cars or just love coloring awesome artwork! Have had a lot of fun so far, thanks for exceeding my expectations0 of 0 people found the following review helpful. Love it!!By JoceyKBJust

got this today! I've been following these guys on Instagram and they've been teasing me with excerpts from this book! So glad it's finally here!!! If your looking for a coloring book your search stops here. It has such great quality of paper. Sharp lines I love the description of each car on the backsides of each page. Great work great quality.0 of 0 people found the following review helpful. F A N T A S T I C By AbbyReally LOVE this coloring book, everything I have been looking for and more. The only thing I would change about it is the pages, they arent really meant to be ripped out so it was a challenge to take them out and color them that way. Besides that I really love everything about it.

As it turns out, you don't have to fill pages of mermaids and fairies in order to get the therapeutic benefits of coloring as an adult. To prove it we set out to create some of the coolest coloring books in history featuring the worlds most iconic and rare automobiles, motorcycles, and other grown-up toys for enthusiasts from all walks of life. In "American Muscle" we explore an era in US car culture that sparked the original horsepower race with some of the most iconic, rare, and powerful vehicles ever produced on American soil. These intricate, colorless, interactive depictions of highly sought after US made automobiles were painstakingly developed over many weeks and hand selected for this particular book. We invite you to join us in this "name that car" format adventure as we discover the secrets behind these high quality drawings.

About the Author Brandon and Steve Wilcox are US born brothers with a special affection towards cars and art of all kinds with a long time ambition of bringing the two together in a way that is accessible to many!
