R. Scott Carlton : International Encyclopaedic Dictionary of Philately before purchasing it in order to gage whether or not it would be worth my time, and all praised International Encyclopaedic Dictionary of Philately:

0 of 0 people found the following review helpful. Five Stars By Boris Sheykhetov Nice item, fast delivery. Super service. Highly recommend. 1 of 1 people found the following review helpful. A Great Reference Work By Anita I was very pleased with this book. Seems to be very comprehensive and educational. Definitely a wonderful resource for the beginning collector as well as the advanced. I will be using this reference work frequently. A wealth of research and knowledge -- I wish I had known about it sooner. 43 of 51 people found the following review helpful. MUST HAVE REFERENCE! By A Customer Lots of good information throughout. What makes it worth buying are translations in back. Extensive philatelic terms are translated into German, Spanish, Italian, French, Japanese, Chinese, Hebrew, Russian, Polish, Greek, etc. Super for figuring out what stamp inscriptions mean and for determining key words in foreign catalogs.

Offers more than 1,000 sources for further research on stamp collecting terms. R. Scott Carlton's exclusive pictorial guides you to additional information in the main body. Complete footnotes, references, and English translations.
