**Michael Harris : Jeans of the Old West** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jeans of the Old West:

1 of 1 people found the following review helpful. Minute detail of stitching patters.By Simon KnightIf you are into blue jeans this must be the ultimate book. He must have a warehouse to keep his collection in. As a collector of many things this book really appealed to me, I just loved the minute detail of the different stitching patters and how it allows him to identify individual manufacturers and even tailors. This book appeals on many different levels. Just as an example of rigorous research it is a joy.1 of 1 people found the following review helpful. Fantastic-- for the serious clothing historian/re-enactorBy C. F.Have barely scratched the surface of this book, but already loving it. Very detailed, lots of photos, large photos. It's a bit technical for the average armchair historian, but a must-have for serious re-enactors who love period clothing. Spotted a friend's copy and then I had to have one for myself. Great stuff.2 of 2 people found the following review helpful. Utterly beautiful. Thankyou Mr HarrisBy Mark HughesExceeded expectations by a mile. Michael Allen Harris has created THE BOOK on denim. If you are a designer this book is a

vital weapon to have in your armoury. Utterly beautiful. Thankyou Mr Harris, the Doctor of Denim!

This book offers an extensive look at the whole era of Old West denim, including Levi Strauss and lesser known manufacturers. Over 300 color photos and illustrations chronicle never before seen examples, patent drawings, and the histories of the manufacturers. This is invaluable information fashion historians and collectors alike.

About the Author Michael Harris is a denim "archeologist," seeking out examples of vintage jeans wherever he can find them. He lives in California.
