**Prince Michael Of Greece : Jewels of the Tsars: The Romanovs and Imperial Russia** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jewels of the Tsars: The Romanovs and Imperial Russia:

The world's fascination with the Russian imperial family endures, and with this stunning book a new spotlight is added. Jewels of the Tsars, the first book to examine the family's unparalleled collection, is illustrated with extraordinary photographs taken under special conditions at the Kremlin's Diamond Fund, and accompanied by 18th- and 19th-century portraits and photographs of the Tsars, their families, and their court. Prince Michael of Greece, a Romanoff descendant, writes with an insider's knowledge of his family's passion for rare and beautiful jewels, and their place in the troubled history of Imperial Russia.
