William Feldstein, Alastair Duncan : Lamps of Tiffany Studios before purchasing it in order to gage whether or not it would be worth my time, and all praised Lamps of Tiffany Studios:

3 of 4 people found the following review helpful. The Lamps of Tiffany Studios By Alan H. Miller Excellent book, great pictures of some of the rarer Tiffany Lamps. The Book is fairly extensive with many of the first and less known lamps. 1 of 2 people found the following review helpful. GREAT DEALS By Raymond R Robson Jr. GREAT BOOK GOOD INFORMATION AND REASONABLE THANKS RAY AAAAAAAAAAAAAA+++++++ VERY GOOD PRICES ON MOST BOOKS, AND OTHER ITEMS YOU SELL

This book is a tribute to Tiffany's unparalleled genius in this medium, and has been undertaken now because there is a need to capture these masterpieces for posterity. Several of these lamps may already have disappeared into private

collections in three continents. For the first time they are brought together under one cover.
