French TextIllustrating the great diversity of the helmets worn by the French military, this new instructional book helps to understand their evolution since the end of the 19th century until today. This panorama of almost 200 pictures focuses on the steel helmet emblematic of the army, but also illustrates the variety of special helmets for the cavalry, marine, aviation, fire and also the gendarmerie. This guide will be essential to all lovers of French uniforms, to the collectors and military history enthusiasts. For connoisseurs, it will also be the opportunity to discover rare helmets,

originals or even unique, from private and public collections.
