It wasn't the easiest to interpret and could have been laid out far better in my opinion. A lot of photos but not a lot of information overall. Once I put some time in I figured out what the author was trying to express. An overall good reference to a new collector like myself.0 of 0 people found the following review helpful. fair bookBy LJFor those of you who like the Superfast matchbox cars, you'll like this book. It gives a good comprehensive guide to the cars as well as their value. Only not their scale.0 of 0 people found the following review helpful. Five StarsBy OldSchoolCollectorAs described. Thank You
