By a lighthouse enthusiast and expertBy Midwest Book ReviewLighthouses Of The South: Your Guide To The Lighthouses Of Virginia, North Carolina, South Carolina, Georgia, And Florida by lighthouse enthusiast and expert Elinor DeWire is part of the outstanding "A Pictorial Discover Guide" series from Voyageur Press. Superbly enriched with the color photography of Daniel Dempster whose images rise to the level of museum quality art, wonderfully enhanced Elinor DeWire's informed and informative text. No lighthouse enthusiast's personal reference collection can be con-sidered either complete or comprehensive without the inclusion of Elinor DeWire and Daniel Dempster's collaborative compendium, Lighthouses Of The South. Also very highly recommended for lighthouse enthusiasts are Elinor DeWire's Lighthouses Of The Mid-

Atlantic Coast and Daniel Dempster's Lighthouses Of The Great Lakes.

Lighthouse authority Elinor De Wire presents the Southern beacons from the Outer Banks of North Carolina to Pensacola, Florida and salutes the courageous men and women who have tended them. Lighthouses of the South looks back at a bygone era of great storms, shipwrecks, and rescues; perilous fog and natural disasters; and the sequestered lives of lighthouse keepers at remote outposts along the sea. In Lighthouses of the South, readers will learn the history of such popular lighthouses as Cape Florida, Tybee Island, Cape Hatteras, Ocracoke, and Cape Henry. De Wire's lively stories are accented by Daniel Dempster's outstanding four-color photographs of lighthouses, interiors, and lenses. It also includes a bibliography and an appendix that lists all lighthouses of the Southeast Coast.
